¹Data in this report has been compiled at the zip code level. In an effort not to skew district data, zip code areas representing less than 10,000 acres in the Congressional District have been excluded from the district’s data. Exceptions include data for zip codes 60604, 60602, and 60301 which were included in Congressional District 7 and zip code 60537 which was included in both Congressional District 14 and 16 data.

Industry Sector Employment

Between 2007 and 2012

- The Congressional District lost 22,638 jobs during the past 5 years while the State lost 106,433 jobs overall.
- The industry sectors gaining the most jobs over the past 5 years were healthcare and social assistance (6,566) and finance and insurance (6,230).
- Industry sectors with the largest job loss between 2007 and 2012 were construction (-12,411) and retail trade (-9,703).

Jobs				
Year	District	5 Year Net Change	District % Change	State % Change
2007	638,735			
2012	616,097	(22,638)	-3.5%	-1.4%
2017	646,013	29,916	4.9%	5.3%

EMSI Complete Employment – 2012, 3rd quarter

Looking Forward to 2017

- Over the next five years the 10th Congressional District is expected to gain 29,916 jobs with jobs projected to grow at a similar rate as the State. The healthcare and social assistance sector is projected to add the largest number of jobs (8,419) followed by finance and insurance (5,858). Manufacturing is expected to have the greatest job loss (-6,612).
- Manufacturing is currently the largest industry sector, with 68,877 jobs and average earnings per worker, with benefits, of \$103,471. It is projected that government will become the largest industry of employment by 2017.
- In Congressional District 10, the average earnings per worker, including benefits, is \$62,130, which is higher than the State average of \$53,157.

Employment by Top Industries				
Industry	2007	2012	2017	2007 – 2017 Change
Manufacturing	75,125	68,877	62,265	(12,860)
Government	67,725	66,896	68,825	1,100
